A man in a white shirt is seen from the back, looking towards a two-story house with a red roof and brickwork. The house is partially obscured by a green hedge and a stone pillar of a fence. The scene is set outdoors with lush green trees in the background.

Realistic pricing discussions

- ✓ The most important thing to say about pricing is that it's entirely up to you.
- ✓ You are going to be on the market in competition with other properties. This is why it's important to always put pricing discussions in the context of the most recent sales evidence as well as current market conditions.
- ✓ You're in good hands. Our priority is your future.
